Narberth Loses First Tilt to Downingtown

Davismen Then Cop Independent Tussle With East Phillies

AT COATESVILLE ON SAT.

"Oh, well—we always lose the first one."

The above indicates how one Narberth rooter felt after Manager Gene Davis' defending champions of the Main Line League opened the 1936 race by yielding to Downingtown, 8-3, last Saturday on the new entry's diamond. His words didn't necessarily speak the truth, because Narberth isn't in the habit of dropping the first game.

Away Again

Tomorrow Narberth baseball club meets its second league test in another battle scheduled for enemy soil. Davis and his charges will invade Central Park, Coatesville, to meet Perk Richards' aggregation, which also is stinging from the licking administered by Eddie Hare's Brookline leaders. On Sunday the borough nine meets Berwyn on the community field. Al Herrmann and Jim McKee will be pitchers for the respective games.

Davis and Company played an independent game here last Sunday and felt the satisfaction of winning from East Phillies by a 12-7 count in a slugfest.

One big inning, the fourth, gave Downingtown enough runs to walk off with the game. The newcomers matched Narberth with single markers in the first and second and went ahead with another in the third. Then Ed Sheridan's gang went to work on Pitcher Bill Reynolds in the fourth to collect three markers.

Malano crashed a three-bagger. Stine singled, Park whiffed and then Ash added another bingle. Two more hits by Simmons and Stanley proved that it wasn't Reynolds' day, but he lasted the rest of the inning. Big Jim McKee went in for the start of the fourth and finished in fairly good style.

Two innings of timely hitting, the first and fourth, were enough to send East Phillies away the losers. In the opener the Davismen collected four runs and seven more crossed in the seventh. Nick Lyons started on the hill, but gave way to Al Herrmann after East Phillies had solved him for six runs in the fifth.

Harry Ralston, Tanny Ralston, Buddy Walker, Mickey Gavin, Bill Boyer and Joey McCahan all had two safeties. The Ralston brothers poked a double each. Gavin poked a triple and Walker blasted a home run.

Narberth Players Re-Elect Officers

Treasurer Fleer Finds That Organization Is Solvent: Pianos Please

1906 PLAY DELIGHTFUL

All the following officers were unanimously re-elected at the Narberth Players' meeting in the Narberth School auditorium on Tuesday evening: President, B. G. Simpson; vice-president, William H. Muller; treasurer, Roland Fleer; secretary, Grace Werner and Mrs. Germaine Heath, on the Board of Governors for a three-year term.

Mr. Fleer gave an interesting and humorous treasurer's report showing that the Players were solvent.

Mr. Simpson, in his speech of acceptance, invited the Players to be his guests at a supper and swimming party to be held at Martin's Dam on June 9. This is an annual event.

The play, "Trouble at Satterlee's," which was coached by Martha Simpson, proved to be very entertaining. Her daughter, Nancy Simpson, had the lead which was played by Mrs. Simpson in 1906.

A feature of the evening was the piano duet played by Margaret Squier and Murray Robertson. This was the second and fourth movements of the Fourth Symphony by Tchaikowsky.

The Barrie Barn will be reopened this season with a new organization headed by Miss Kay O'Neill, of the National School of Elocution and Drama. She will be assisted by J. Massey, of the Rourke Players of Philadelphia.

All those who are interested call Gypsy Heath for information.

Narberth Play Day Starts at 1.30 This Afternoon

Feature of the afternoon will be the various contests for the field day silver cup between the "Reds" and the "Greys." Events will include relays, three-legged race, high and broad jumps.

The Parent-Teacher Association will sell refreshments on the grounds and will also have ponies available for the children to ride.

If the weather is too unfavorable the rain date is Monday afternoon, the 25th.

Cannon Dedication Delayed for Present

Probably Will be Held July 4 if Borough Council O. K.'s Plans

PARADE MEMORIAL DAY

Narberth's cannon dedication has been postponed from Memorial Day, probably until July 4.

Failure of the Harold D. Speakman Post, American Legion, to have its plans and specifications for placing the cannon in the memorial grouping on the Community Playgrounds at Windsor and N. Wynnewood avenues, ready for borough council's consideration at the May meeting precludes any ceremonies until after council meets again June 8.

Announcement to this effect was made Monday night at the post's May meeting.

The cannon committee of the post includes A. Perry Redifer, Jr., chairman; Arthur L. Cooke and Robert C. Collins.

Plans for the annual Memorial Day parade were also discussed by the committee in charge of the event, headed by William H. Durbin.

The parade will start from the firehouse at 9 A. M. and after traversing several streets of the borough will wind up at the playground, where a brief memorial service will be held.

All organizations in the borough will be invited to participate in the parade.

A baseball game will be held on the playground following the exercises there.

Junior Club Holds Mother's Day Party

Mrs. Robert Bailey Delights With Interpretation of 'Victoria Regina'

FINAL BANQUET MAY 28

The Narberth juniors entertained their mothers at a very interesting evening of music and dramas on Thursday, May 14, when the annual Mothers' Day party was held at the clubroom at the Community building.

The committee, headed by Mrs. Ellsworth B. Clark as chairman, left no stone unturned to make the evening as pleasant as the occasion demanded. Beautiful spring flowers, a specially constructed platform set up for the performers against a background of palms, a splendid program, and delicious refreshments contributed in every detail to make the affair a grand success. Ernestine Bacon Kern, soprano, and Dorothy Power, harpist, were the artists who sang and played many well-known numbers with great effectiveness.

Mrs. Robert Bailey, of Narberth, gave a costume recital of the play "Victoria Regina" the current New York production, in which Helen Hayes is starring. Mrs. Bailey, so attractive and charming a young Victoria in her satin gown of pink, trimmed with tulle and blue ribbons in the period of the times, played the parts of all the characters in this absorbing historical romance with great sincerity and unfaltering diction, and simply thrilled her audience during a performance which lasted an hour and a quarter. Mrs. Kern and Miss Power supplied delightful "off-stage" accompaniments with voice and harp at intervals when the script called for music, and altogether, the illusion that one was witnessing a fully cast, completely finished stage production, was most real.

Mrs. Bailey, without the use of Helen Hayes' clever appliances of "old-age" make-up in the final "book" of the play, nevertheless, created by well-controlled gestures and voice modification, an artistic sense of the passing of time, as Victoria stands before a falling curtain on the occasion of her diamond jubilee.

On May 28 the final Club Banquet will be held at Overbrook Golf Club. Mrs. Harold Griest, past president of the juniors is in charge of the committee arranging the evening. Committee chairmen will give their reports, retiring officers will be feted and incoming officers installed. Mrs. Spencer Smith is succeeding Miss Alice Francis as president of juniors. Mrs. Joseph Miller will continue as senior adviser to the club.

He also said that problems had changed for the child and the question at present was how they can be best fitted for their place in the social and economic world. "The Spectator" Dissents From Judge Holland's Opinion

(The following letter, too late for publication last week, refers to the Narberth Players' May 1-2 play, "Good-bye Again," which was reviewed by Judge J. Burnett Holland in this paper May 8.)
To the Editor:

More years ago than we wish to proclaim, in the days of James O. G. Duffy, known notably as "The Lounger in the Lobby" of the defunct Philadelphia Press, it was our regular matinee assignment to sit week after week in free judgment on the hearty histrionics of the Forepaugh Stock Company, and there are doubtless many of the folks hereabouts who ventured down into the old Tenderloin as a routine thing to behold the always ambitious offerings of this very capable troupe. Every week there was a new offering and the Forepaugh fans constituted a highly numerous and enthusiastic host.

George Learock, admittedly one of his generation's best Shakespearean exponents, was the stage director and he took his part in the plays often enough, while his very pretty wife, Jennie Ellison, was never known to miss a role in any of the weekly shows.

George Barbier was another stellar light, the very same as you see nowadays in the pictures, but it has only been within the last month that he has written to say that he is tired woefully of the shambles of Hollywood and yearns for the good fortune which will bring him back to the Philadelphia he prefers so much to his present scene of sham and scandal.

In the company also was the reliable Albert Sackett, who was no less than the father of Julia Sanderson, whose gay songs continue to bestir the radio lanes, and of course, it is well known that Julia was the ingenue at Forepaugh's for a number of seasons, as lovely a little lady as one could imagine, even if her feet were extra inches long and her legs of the real shank variety. The years soon changed that, however, as the stockings filled up at a good and symmetrical pace and the big feet of adolescence gradually came to that petite type which made her acclaimed a great dancer as she swirled in such captivating manner with Donald Brian and others of the masculine fast-steppers.

In the evening we probably had to hie to the Girard Avenue Theatre, where another "stock" held forth, or if Creston Clark and Adelaide Prince were in town (at the Park Theatre) our instructions usually directed us there. Never were we regarded as sufficiently mature to qualify for a printed opinion of Mansfield, Jefferson, Willard, Miller or any of the renowned top-liners, but we saw them on our own just the same and pity 'tis that they nor their ilk are not here to be seen or heard now.

This bit of reverie was induced by our visit to the last performance given by our Narberth Players and we are still wondering why the time and talent of our impressive young men and women were wasted on a concoction of tawdry and as full of dregs as the wretched thing called "Good-bye Again." It was agreed, however, that we would keep our wonderment to ourselves, and not make it a matter of public notice, but in view of the totally dissimilar viewpoint presented by the excellent Judge Holland in last week's OUR TOWN (contrary to the assumption that nothing one way or the other would be published) it would seem to contribute somewhat to neighborhood virility if we suggested that a rather important feature of the case had been quite overlooked.

The idea of a local drama club is too sound and too substantial not to encourage in every reasonable and forthright way, as a real bent for the theatre is one of the rarest and grandest of arts, and there should be no trifling with the numerous opportunities it presents for intellectual and cultural advancement. What is the justification and reason, then, for putting on one of those stupid "bedroom plays" which have so sated Broadway for the last few years, the refuse of an interminable hopper, and which can be tossed together in the course of an hour or two by those overly bright, wise-cracking young men who, with the shoddiest of intent, have their weather-eye on the greasy trade of the cloak-and-suiters and of the shock-searching yokels who stream into the metropolis from the hinterland?

It is not primarily a matter of common decency at all (although that elementary feature need not be avoided) nor a case of inhibited concupiscence, even if we did behold the lady secretary going to bed with her employer,

and overlooking the somber fact that for the entire three acts we had nothing except the bedroom to see, with the characters in more or less dishabille and indulging, perforce of their lines, in the grossest kind of bad taste and an absurd species of smart-aleek conversation.

No, the objection is that our young players are capable of much finer things and it is a sorry shame that this silly clap-trap and bumptious broadness must be their portion. Neither should we rate as provincial if we point out that the bloom leaves the peach soon enough and we are not too old when we say it would be nicer, and infinitely more refreshing, if our girls and boys were not called upon to handle situations which call for so much pseudo-sophistication and so much slick knowledge of that disorderly part of life which, in view of their breeding as we know it, continues, fortunately, to be an altogether alien thing to them.

The Narberth Players has proved itself to be a splendid community organization. Its members have done things far beyond the ken of the usual amateur society. The dramatic archives are stuffed with pieces which it would be a joy to behold as our borough actors could produce them. "Good-bye Again" is far beneath their stature, their dignity and their intelligence, and nothing like it should ever be essayed by them again.

"Petticoat Fever" Now
at Narberth; "Amateur
Gentleman" is Next

Clever dialogue and good direction mark "Petticoat Fever," story of a Labrador wireless operator and an English Lord and his fiancée, now playing at Narberth. The cast is excellent: Robert Montgomery, Myrna Loy and Reginald Owen. Pete Smith's remarkable third-dimension short subject, "Audioscops," is also on the program.

"The Amateur Gentleman" is coming Monday and Tuesday, with Douglas Fairbanks, Jr., and Elissa Landi in many exciting and romantic adventures.

Marlene Dietrich and Gary Cooper, together for the first time since "Morocco," give a smooth, smart sophisticated performance in "Desire," coming Wednesday, Narberth's cash award night.

"Dancing Lady," which starred Clark Gable, Joan Crawford, Fred Astaire and Nelson Eddy—the latter two for the first time in pictures—is being revived with great success, and will play at Narberth next Thursday.

To end the week nicely, don't miss "The Trail of the Lonesome Pine," in beautiful technicolor.

"Unguarded Hour" and
Disney Symphony at
Egyptian; Dionnes Coming

"The Unguarded Hour," a refreshingly different story cleverly directed, is at the Egyptian, starring Loretta Young, Franchot Tone, Lewis Stone, Roland Young and Dudley Digges. Accompanying it are Walt Disney's "Cock of the Walk" and Our Gang comedy, "Divot Diggers."

Saturday's matinee subject is "Heir to Trouble," starring Ken Maynard.

Monday and Tuesday next, Warner Baxter, Margo, Ann Loring and Bruce Cabot are coming in "The Robin Hood of El Dorado," a colorful historical picture lifted above the ordinary by sheer force of its dramatic quality, keenly interesting story, lovely music and beautiful outdoor settings.

Jean Hersholt and the Dionne Quintuplets are coming Wednesday and (Bank Night) Thursday in "The Country Doctor," as sweetly appealing and amusing a picture as you'll want to see in many a moon. The cast includes Dorothy Peterson, Slim Summerville and June Lang, but the Dionnes are the treat of the picture.

A special after-school matinee will be given Wednesday at 3:30.

"Klondike Annie," latest Mae West opus, will conclude the Egyptian's week, with Victor McLaglen assisting.

Announcement is made that on June 1 the Egyptian Theatre will give a patron an electric air conditioner through co-operation of the American Radiator Company.

Ardmore Legion Protests Discrimination in Lotteries

Twelve members of the Bullock-Sanderson Post, American Legion, Ardmore, headed by Robert J. Campbell, commander; Harold L. Reese, Wynnewood, ninth district commander, and Cecil Harvey, Gladwyne, post senior vice-commander, on Monday night protested against restrictions placed upon a permit to be issued by the township for the Legion Carnival to open June 1. The restrictions amounted to a ban on all games of chance, roulette wheels, etc.

Legionnaire spokesmen said it was necessary to have these petty gambling devices if the carnival was to be a financial success, and pointed out that forms of lottery were common among some churches, and other organizations on the Main Line including the raffling off of Devon Cottage. The township commissioners agreed, after the hearing, to reconsider the post's request.

Lower Merion First Team Wins Pistol Honor

Against eleven other teams of police, detectives, bank guards and rifle associations of the Philadelphia area, Lower Merion's pistol team No. 1 carried off first honors last Saturday at the Llanerch range. Lower Merion No. 1 scored 1437, against 1435 for the Philadelphia bank guards No. 2. Haverford Township No. 2 was seventh and No. 1 eleventh. Lower Merion No. 2 was tenth. Lance Hathaway, Lower Merion, had high score with 294, while Sergeant Herman Thomas, of Philadelphia's finest, got a "possible" 100 out of as many.

One-Way Fares Slashed
When the two-cents-a-mile rate becomes effective June 2, rates on the Pennsylvania Railroad will be cut considerably. The rate to Broad Street Station from Ardmore will be lowered from 32 cents to 20 cents; from Bryn Mawr, 38 cents to 25 cents; from Overbrook, 21 cents to 15 cents. Commutation rates probably will be affected very little.

Chosen Young People's Head
W. Burton Lord, of Ardmore, was elected president of the Young People's Fellowship of the Episcopal Diocese of Pennsylvania at the organization's annual convention.

The Political Pot

G. O. P. harmony was slightly ruffled this week when Ralph Beaver Strassburger, Norristown publisher and Republican convention delegate, had published in his Norristown Times-Herald an attack on Senator Theodore Lane Bean, head of the "Harmony Committee." He accused Senator Bean of working to restore "Grundism" to the county. Political leaders were not greatly perturbed by the blast which they held was caused by Strassburger's failure to place either as a member of the State Resolutions Committee or as national committeeman, both of which posts he is said to have coveted.

Frank M. Adams, Merion, member of the "McElwee for Chairman" committee this week sent the newspapers a letter telling how Thomas H. Lineaweaver, Haverford, always promises deserving Democrats jobs but seldom produces them, and stating that Adams' committee is "certain to elect McElwee to the chairmanship because of the poor leadership which has permitted the Republican majorities to increase from 9,000 in the Earle election to over 33,000 in the past November election." The Democratic County Committee will elect officers June 15.

Joseph N. Pew, Ardmore, Sun Oil Company and Sun Ship Building Company executive and delegate-at-large to the Republican National Convention, told the Republican Women's Luncheon Club in Philadelphia that the coming presidential campaign will be a "holy crusade" against the New Deal which he termed "nothing but a process of disillusionment."

Former President Hoover says he sees "thirty issues" to be fought over in the Presidential campaign this fall, but declines to name them.

Now, they couldn't be the "issues" of James Aloysius Farley's commemorative stamps; they number many more than that. But Mr. Hoover might be referring to the "issuances" of the government's numerous alphabetical agencies.

Just how many AAA's, CCC's, etc., etc. have there been under the New Deal regime? This column would like to know, and is hereby offering a prize to find out.

For the longest list of alphabetical agencies received, The Political Pot will give a year's free subscription, or extension of a subscription, to this newspaper.

The rules are simple: 1. List all New Deal agencies you can think of, spelling out, "Works Progress Administration," "Civilian Conservation Corps," etc., as many as you can. 2. Sign your name and address and also give a pen name if you don't want your own name used. 3. Mail your entries to—The Political Pot, Box 7273, Ardmore, Pa.

A postal card will do, if you can get all of them on it. Both Federal and State (Pennsylvania) agencies are eligible for listing.

Of the some 28,000 Republicans in Montgomery County who cast ballots at the recent primary, not all voted for a Presidential candidate. Senator Borah the only candidate to have his name placed on the ballot, received 13,101. Governor Landon led in the "write-in" vote with 1141. Hoover received, 147; Knox, 65; Vandenberg, 44.

The county Democrats gave Roosevelt 11,788 to 482 for Breckinridge.

From the Pennsylvania Protective Union comes a booklet entitled "Billions for Boondoggling, but Nothing for Flood Control" with this note:

"The floods in Pennsylvania last March took a toll of more than 200 lives and caused losses, tangible and intangible, to the extent of a half a billion dollars.

"The story behind that tragedy is a story of almost criminal negligence.

"For, while billions have been squandered upon projects of indefensible foolishness and futility, completed plans by the Army Engineers for effective Flood Control throughout Pennsylvania have been steadfastly ignored.

"From late 1932 to April, 1936, there has been expended in Pennsylvania for Relief, CWA, CCC, PWA and WPA, a total of \$742,794,490.

"The comparatively paltry sum of 70 million dollars would have covered the total cost of Flood Control in eastern, central and western Pennsylvania.

"Nothing was done—with the appalling consequences noted."

District Attorney Asks County Police Radio Sets

District Attorney Frederick B. Smilie has written to the Montgomery County Commissioners asking for a police radio system for the county. The project, long advocated by the County Police Chiefs' Association but opposed by former District Attorney Stewart A. Nase, would cost about \$8000, it is estimated.

Lower Merion Township has had its own radio system in effect for some time now with satisfactory results.

The Commissioners, William D. Ridgeway, Fred C. Peters and James W. Potter, with County Controller William C. Irvin, are expected soon to reach a decision in the matter.

NEWTON COAL

For Seventy-five Years Has Been Standard Combustible

It takes a lot to be a leader, day after day, for seventy-three years and more. That is what the name of Newton stands for in coal—always at the front with better quality, better service, better value for the coal-buying dollar, for more than seven decades.

For example—Newton pioneered in providing its customers with thoroughly inspected, tested, cleaned, hard coal. So rigid is the inspection at the Newton yards that sometimes seventy pounds or so of slag, dust, etc., passing as fuel elsewhere are removed by Newton inspectors before the load leaves the yard.

The mentioning of coal yards brings up also the fact that Newton has pioneered in installing the most modern automatic yard equipment. Newton's specialized fleet of clean, speedy coal trucks are known in every Philadelphia neighborhood; approximately 150,000 homes in the metropolitan area are Newton customers.

Newton's latest service is automatic heating—with coal, of course, for Newton has investigated every heating fuel, every heating device—and at no time has anything been found that can equal the combined safety, dependability, economy and satisfaction of good hard coal heating. That Newton coal again "answers the burning question" by providing everything that automatic heat can give, plus the safety, dependability and economy of coal, is shown by the unsolicited testimonials being received by Geo. B. Newton Coal Co., Fifty-third street and Baltimore avenue, Philadelphia.

Main Liners Make 3800 Gifts to United Campaign

A total of 3500 contributions from the Main Line division with 280 from Bala-Cynwyd have been made to the United Campaign to date.

Colonial Village Pools to Open May 30

Club Has Been Completely Renovated; Leo Curtin Resident Manager

The smartest and most up to date swimming club in the East opens its gates when the Colonial Village Swimming Club, Wayne, officially recognizes the 1936 water sport season for the Main Line on Memorial Day.

Arlington W. Canizares, president of the corporation, announces that the resident manager will be that well-known football coach at Radnor High School, Leo Curtin. A thorough athlete, looked up to and admired by the younger set, Mr. Curtin also has found considerable favor among the older residents of the Main Line and vicinity.

Mrs. Marie B. Ward, proprietor of the Anthony Wayne Shop, will manage the club restaurant. Mrs. Ward has made an enviable reputation with her excellent food in Wayne and it is with much pleasure that the club is able to say that such good catering will be available for club members and guests.

Located in a most picturesque setting within the shadow of historic Valley Forge, the club may be reached within five minutes' time by automobile from Wayne by leaving the Lincoln highway at Wayne and driving north on North Wayne avenue.

The club has been completely renovated. Two new outside showers have been installed and drastic pruning has been done to those large shade trees whose branches have cast too much shade upon the children's pools. Gay, bright colors stripe the woodwork of the floats, beach furniture and land equipment, and vivid pennants and flags of many aquatic organizations and nations edge the clubhouse. The many floodlights surrounding the pools' edges make night swimming and bathing almost equal to that of the daytime.

Clean and sanitary Cape May sand surrounds each pool, affording to members that "shore" atmosphere with ideal conveniences for acquiring summer tan in short order. To those land "swimmers" who prefer to retain that winter white skin numerous umbrellas shading rustic furniture await the "fourth" at bridge.

Memorial Day is a gala occasion for Colonial Village Club members and guests. But in order not to allow the others to miss the good fun, the club invites you and every swimming enthusiast of the Main Line, Philadelphia and surrounding country to inspect its facilities.

Three and one-half million gallons of pure water, with an estimated daily flow of eight hundred and seventy-five

thousand gallons, tested daily by Dr. Richard P. Leinhardt, sanitary officer of Radnor Township, await those persons who wish to become members of a truly remarkable swimming organization. There are approximately three and one-half acres under water to form both pools.

The membership is limited, so make your application immediately. Family memberships and individual affiliations are priced reasonably.

For the children there is a pool exclusively for their use, which has been built with a plank floor. The depth of the water in this pool is from two feet six inches to three feet, with a high picket fence erected so that they may not wander into deep water. This pool will have a special-duty life-guard on duty at all times for the protection and care of the little ones. Swimming instructions may be had by those who wish it.

The weekly Saturday night dances will commence very shortly with a smooth dance orchestra to play until the wee hours of the morning. Many novelties are being planned for these very popular dances, which have been called by many the coolest dancing spot of the Main Line.

The facilities of the club, including the manager, clubhouse, kitchen, piano, card tables and other necessities may be used in the evenings for a nominal charge by those holding season tickets for private parties, dances, banquets and suppers, excepting, however, Saturday, Sunday and holidays. The same applies to those who wish to use it for afternoon teas.

For further particulars write to the Club Privilege Committee, Colonial Village Swimming Club, Box 223, Wayne, Pa.

Albert L. Brooke is secretary and treasurer, with Winfield W. Crawford as solicitor. The Board of Governors consists of Dr. Cyrus W. Turxal, Dr. F. C. Aldridge, Dr. John L. Spangler, Dr. Joseph S. Sands and Darwin S. Wolcott.

Rosemont Residence Sold

Frank W. Cortright has sold a new stone Colonial residence, being built by Frank H. Wilson, on one and one-half acres, on Airedale road, Rosemont. The property contains fifteen rooms, four baths, and a three-car garage, and was offered for sale at \$35,000. It is adjacent to the property recently purchased by Prentice McNeely, and is the second house to be built in the one-hundred-acre tract now under development for Florence W. Colton. The purchaser's name was not disclosed.

Devon Horse Show All Next Week; Many Entries

The report of the Devon Horse Show Committee to its board of directors discloses the promise of another banner week, commencing May 25. Exhibitors are bringing horses from California and Canada, again proving the national and international importance of the Devon Horse Shows. Belated entries during the past few days brings the total number of horses to be exhibited ahead of any other similar exhibition in the world, the directors say. They come from over 30 per cent of the States in the Union.

On Memorial Day all the blue ribbon winners will parade, as last year, to the music of the National Anthem.

The demand for boxes and parking places is heavier than in many years.

Giant Dahlias Will Grow From Seed

Dahlias rank with gladiolus as the most popular plant grown from tender tubers, corms, etc. They are particularly desirable in the perennial border, where they may be used in any location calling for tall upright plants.

Plant dahlias at any time after the soil has become warm up to July first. Do not make the mistake of placing dahlias too close together. They make heavy demands on soil moisture and on plant food. They will not thrive in shade. Preferably place them about four feet apart.

Prepare the soil to a depth of at least ten inches. Apply a complete plant food at the rate of four pounds per hundred square feet and work it into the soil. It is best if part of the plant food is worked into the soil that is placed around the tuber. Set the tubers about 6 inches deep.

Cultivate often until the buds appear to maintain a good mulch. After the buds appear, give only very shallow and light cultivation, or the new tubers will be injured.

To secure best blooms, it is advisable to permit only the most hardy shoot to remain, and when this is three to four joints above the ground, pinch out the top, which causes the plant to branch out. Leave the end bud on each branch, but remove the side buds that appear at each set of leaves.

Six to eight weeks after planting apply plant food about the plants at the rate of four pounds per hundred square feet.

Dig dahlia tubers before the soil freezes. Clean them well and store in shallow boxes of sand in a cool place where they will not freeze.

Girl Scout News

Preparations for the Dove Mill Day Camp are going forward with enthusiasm. Mrs. Henry D. Booth, Jr., who is the registrar, reports that many leaders and badge examiners have already volunteered their valuable services to help with the program. The camp dates are July 13, 14, 15, 16 and July 20, 21, 22 and 23. It is wise for the girls who plan to attend the Day Camp to try and register for the full period of eight days, so that a sustained program may be followed.

Flowers for the Flowerless

Again this year the Girl Scouts are co-operating with the Flowers for the Flowerless association, and Girl Scouts who collect flowers in their neighborhood may take them to the booths at the Sixty-ninth street terminal, Broad street station or on the Parkway. Before the booths are open any one wishing to contribute flowers may send them to Judge Brown in City Hall.

Narberth 8 Court of Awards

Narberth Troop 8 held a Court of Awards Tuesday at the Girl Scout Community Building in Narberth. The two other Narberth troops, Troop 1 and Troop 2, and the Narberth Brownies and the parents of the girls were guests. Miss Helen Martin, field director for the Main Line, was the guest of honor and presented the badges and the service ribbons to those who earned them. The captain of Troop 8, Miss Christine Hohl, presented the tenderfoot first, first and second class rankings. Members of Troop 8 improvised an amusing stage setting in the form of a book, out of which emerged characters to illustrate the tableaux "Girl Scout March Forward," which was given by Mrs. Betty Seasholtz, a parent in the troop, who was the recipient of first-class rating. The troop started with the Brownies (aged 6 to 10 years) and showed graphically the various stages in the development of a Girl Scout until she becomes first class. Deborah Smedley was leader of the second-class group, which signaled "Welcome Parents and Friends." Jane Smedley, who also received first-class rating, wore the chic model which she made to pass her tests. Mrs. Carl Axel Thaysen spoke briefly about Dove Mill Day Camp, which is a subject of active interest now that warm weather is really here. Five-year stripes were presented to Kathryn Bailey, Phyllis Folwell, Shirley Vincent, Olive Bates, Mrs. Clifford Bates and Mrs. Carl Axel Thaysen.

Mrs. William Alexander Clementson, 2d, Ardmore, chairman of the Americanism Committee of the Jephtha Abbott Chapter, Daughters of the American Revolution, presented a prize of a book, "Friendly States," by Martin, to Girl Scout Troop No. 33 of Oakmont, who won the first prize for finding 1400 tent caterpillar nests, last Friday evening at St. George's Memorial Chapel, Oakmont.

World's Mightiest Circus Coming to Town Monday

With the most impressive and brilliant seven-ring-and-stage program in its history, the Ringling Bros. and Barnum & Bailey Combined Circus, which will exhibit in Philadelphia a week, beginning Monday afternoon, offers this season, as a sensational super-feature, a herd of African pigmy elephants, the first ever to set foot on this continent. These tiny tusked are not babies, but full-grown, middle-aged midget elephants, the rarest animals on the face of the earth. Accompanying them is a herd of miniature African ponies, the world's smallest beasts of burden.

Among the scores of new features, to say nothing of the new importations from Europe and Asia, including the incredible Naitto troupe, the Royal Bokara troupe, the Imperial Viennese equestrian troupe, the great Frederico and a free running horse, pony and elephant liberty act of sixty members, is Col. Tim McCoy, the screen's most outstanding western star, at the head of his congress of rough riders of the world—Cossacks, cowboys, cowgirls, vaqueros, Sioux and Blackfeet warriors and Australian bushrangers. Col. McCoy, plainsman, cavalry officer in the U. S. Army Reserve, and friend of the Indian, is the idol of American boys and girls, and he will be seen in both the main performances and the wild west.

The Greatest Show on Earth heads into this territory on four long railroad trains of 100 cars, with 1600 people, 7 herds of full-sized elephant actors, 1009 menagerie animals and 700 horses. Its tented city covers 14 acres of ground. There are 31 large tents, including the world's largest big top, seating 16,000 persons.

Why Death in the Spring?

Comes spring and the first breath of summer. The open country calls—and there are upon every highway motorists by the thousands. . . The question arises: Should spring, of all seasons, become a special time of Death?

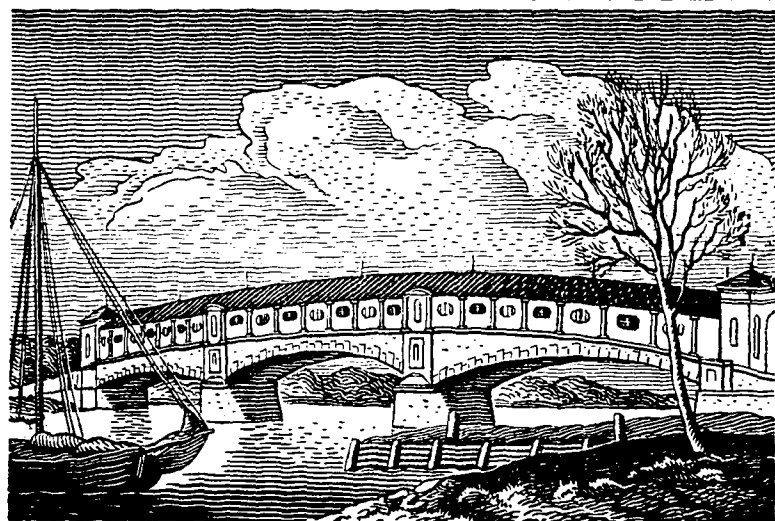

Careful driving, strict compliance with traffic regulations, certainly that every part of the car is functioning properly—these will do much to reduce the possibility of accident.

But there is another ingredient in this Formula of Safety . . . *Light!* Public authorities, while enforcing regulations for the good of all, should be alive to the duty to keep highways properly lighted at night. For statistics show it is then that most accidents occur, and that with proper illumination the number automatically decreases.

THE FIRST COVERED BRIDGE ... Across the Schuylkill

On New Year's Day, 1805, an excited throng was present to witness the opening of the first covered bridge in America . . . and it spanned our own Schuylkill River at Market Street!

Previous to this, crossing had been made by ferries or ferries. Pawling's Ford crossed the Schuylkill one mile above Valley Forge. Righter's Ferry had been established at Flat Rock by Act of the Assembly in 1741.

In 1810 came the erection of the first bridge within the limits of Montgomery County—between Merion and Manayunk.

The same year another bridge was erected in Chester County for the Ridge Road, and in 1828 the Norristown Bridge was built . . . when the settlement was 100 years old.

For many years, however, bridges were so few that the Schuylkill was a real obstacle to crosswise travel. People had to travel far to make a crossing.

The Schuylkill, coursing through our thickly populated area, is an obstacle to the transportation of water which must be overcome by man's ingenuity. The Philadelphia Suburban Water Company carries water across this river in massive iron pipes, one laid in the deep water above the Conshohocken dam and one through the rocks below it.

Narberth Library Cards Merely Number Borrowers

The Narberth Community Library wishes to correct a misunderstanding which seems to be current regarding the change in its registration system.

The identification card to be adopted is not in any sense of the word the old-fashioned "borrower's card" which was stamped each time a reader withdrew a book from the library. Nor is it to be used to the extent that identification cards are used in most of the larger libraries. It will not be necessary to show the card in order to borrow books.

What then is the purpose of the card? It is simply a convenient device for numbering the active borrowers. Each year the librarian is required to give statistical reports to the Board of Trustees and to the borough, through the medium of the local papers, to the State Library at Harrisburg and to the headquarters of the American Library Association in Chicago.

A Million Miles WITHOUT AN ACCIDENT ON Firestone HIGH SPEED TIRES

- ★ WILL STOP A CAR
UP TO 25% QUICKER!
- ★ GIVES GREATER
BLOWOUT PROTECTION!
- ★ GIVES 25% LONGER
NON-SKID MILEAGE!

BUY ON PROOF OF PERFORMANCE

A MILLION miles on Firestone Tires without an accident. That is the record of Ab Jenkins, famous driver, who has driven on all kinds of roads and in all kinds of traffic in every state in the union. What a tribute to safe, dependable, tire equipment! Make this proof of performance your guide in choosing new tires to protect yourself and your family.

There are three important facts you should know about the tires you buy—

1. THE FACTS on TRACTION and NON-SKID SAFETY

A leading university in 2,350 tests has found that the new, scientifically designed tread on the Firestone High Speed Tire stops a car up to 25% quicker.

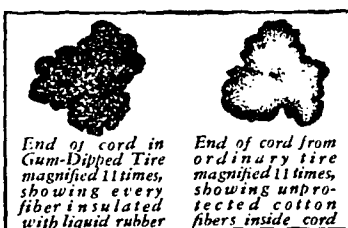

2. THE FACTS on BLOWOUT PROTECTION

Ab Jenkins used Firestone Gum-Dipped Tires when he drove his 5,000-pound car over the hot salt beds at Bonneville, Utah, in the record-breaking time of 127 miles per hour, covering 3,000 miles in 23½ hours without a blowout or tire trouble of any kind.

3. THE FACTS on ECONOMY and NON-SKID MILEAGE

The largest transportation companies in the country, such as Greyhound, to whom safety and tire economy mean business efficiency, use Firestone Tires from Coast to Coast and from Canada to the Gulf. And our own test fleet records prove that the new Firestone High Speed Tire for 1936 gives you up to 25% longer non-skid mileage.

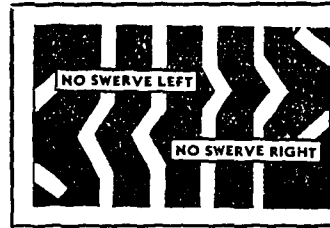

The Firestone High Speed Tire for 1936 proves by performance its superiority in all of these three qualifications. Make this proof of performance your yardstick of safety and value. Decide today to equip your car with new Firestone High Speed Tires for 1936—the safest driving equipment money can buy.

Gum-Dipping not only strengthens the cords but prevents heat inside the cords, where it insulates the tiny fibers against friction and protects Firestone High Speed Tires from blowouts.

This heavy, broad, traction and non-skid tread is held to the cord body of the tire with Two Extra Layers of Gum-Dipped Cords, a patented construction, making the cord body and tread an inseparable unit.

The angles in the scientifically designed Firestone High Speed tread are so placed as to stop a car quicker and without side-sway. Its super-traction and non-skid efficiency have also been proved in the famous Pike's Peak Race where for eight consecutive years it has been used on the winning cars.

While 2000 schoolboys and schoolgirls stood in the stands to cheer the landing of an auto-gyro on Pennypacker Field Wednesday morning, the driver—one of Byrd's Little America "windmill" operators—quietly dropped his machine on the upper field behind the building, far away and out of sight of the waiting multitude.

Lower Merion's victory in the District I track meet at West Chester Saturday was expected, the expectations based on results of former meets held this season in which the Maroon team has more or less walked away with a majority of the points. This victory was the ninth consecutive for Henry Drumm's charges, leaving two dual meets, Radnor and Haverford, and two P. I. A. A. meets, the State championships at State College tomorrow and the Suburbans at Norristown a week later. This winds up the season for the track team, and what they do in the remaining meets will determine whether they are a really great team. Their biggest test comes tomorrow, when they meet the cream of the Pennsylvania track stars.

The game scheduled with Upper Darby and Lower Merion as combatants in baseball for Tuesday afternoon was postponed. The game may be played this week or later on the tail-end of the season. The diamond performers for John Fetter have not lived up to expectations this year. Sporting the best mound-staff in the league with Dick Whitney and B. Bassett as the duo of aces, the fielders have failed to perform behind them with disastrous results.

It is quite possible that the team will finish the season with a winning streak, and nothing could be more welcome to the team fans for Upper Darby, Norristown and Radnor remain on the schedule.

Norristown is due on Pennypacker Field this afternoon, and if there is a team that the Bulldogs would like to lick, it is the nine from Norristown. The Blue Canaries, or Eagles, have been quite lucky, yes lucky, for a needs plenty of luck to win high school baseball games, any season. Many of their games have been won by the margin of one run on the home grounds. More glory to them for they have been making their luck and have ridden along nicely on the crest of a winning streak. I believe the Maroon will take them this afternoon if the boys want to play ball. Either Whitney or Bassett can hit well enough to bring home a victory.

The suburban junior high school meet at Roosevelt Field, Norristown tomorrow for the championship track meet. West Chester, Upper Darby, Haverford and Lower Merion loom as the strongest contenders for top honors. The Leopards under Roger Lincoln have done much better this season than was anticipated. They have won all dual and triple meets thus far and topped the field at Tom School, Port Deposit, Maryland, last week. Upper Darby, North Catholic, Haverford, Norristown and Chester have fallen before the speed of the Orange and Black in dual meets. The boys have a fair chance of winning the Suburbans tomorrow, if the contestants live up to former showings.

Cynwyd Man Disposes of Medals, Trophies in Will

Nathan Sperring, of Cynwyd, who died April 30, in his will filed at Norristown, disposing of an estate valued at \$1,300, bequeaths medals, cups and some other trophies to the Philadelphia Rifle Association; military uniforms to the Old Guard, State Fencibles; a sword to a daughter, Isabel S. Daley, which was carried by her grandfather, George H. Smith, of the Old Guard, First Regiment, N. G. O. Decedent presents a revolver, given to him in 1872 when he was four years old by Lieutenant Harry Everly, of the Second and Christian streets police station, Philadelphia, to S. Harold Croft. The balance of the estate goes to the two children, Nathan S. Sperring and Isabel S. Daley. The son, Nathan, is named executor in the will, written March 12, 18 days previous to the death of decedent.

Episcopal Academy's nine took a week-end trimming from Penn Charter, 5-3, while Haverford School nosed out Friends' Central in the Interac circuit, 6-5.

Ken Rose, Norristown's negro southpaw, pitched a no-hit, no-run game against Cheltenham last weekend, while his teammates gathered but three hits for a lone tally. Norristown still is undefeated this season. In the other Suburban One game Lower Merion lost to Lansdowne, 5-2. . . . In Suburban Two Radnor scored ten runs on four hits and six errors against Swarthmore, winning 16-2.

Haverford College had to be content with sixth place in the Middle Atlantic States C. A. A. meet at Swarthmore. Point getters were Chuck Holzer, third in the shotput and fourth in the century sprint; Bill Meyer, second in the javelin throw and fifth in the discus; Sam Evans second in the 220-yard low hurdles, and Sturge Poorman, tie for third in the high jump. Rutgers won the meet with 38 points. . . . Haverford trounced Swarthmore at baseball, 9-2. Ham Welbourne allowing four hits. . . . Tuesday Haverford's track and field stars closed their season without defeat in a dual meet, final victim being Lafayette and lost the meet, 77-29.

In this week's opening games in the Main Line Twilight League, the scores were: Cynwyd, 5; Ardmore, 1. Narberth, 3; St. Luke's, 1. West Manayunk, 9; South Bryn Mawr, 2.

Sletzer, of Episcopal Academy, won the running broad jump with a leap of 21 feet 8 1/2 inches at the 40th annual Inter-scholastic at Princeton, N. J. and his teammate Fernwald placed fourth in the 220-yard low hurdles. In the jump event Coleman and MacRadden, Haverford School, placed third and fifth respectively. Mercersburg won the meet.

Lower Merion's powerful track team had no trouble winning the P. I. A. A. District One meet at West Chester with 60 points, but the real thrill came when John Smith, Ridley Park, set a new State record in the shotput, 54 feet, 6 1/4 inches, with Robertson, Vets and Bectem, all of Lower Merion, trailing him in order. Smith also set a new State record in the discus, 133 feet, 10 1/4 inches. Johnny McIntyre, L. M., set a district record in the half mile, time 2:01.8. Leech won the broad jump, Witte took the 440, Roberts was first in the 220-yard low hurdles.

Villanova lost its third baseball game this year to Providence, 12-10. The Wildcats have won eleven.

Jeering Students Doused

The Merion Fire Company of Ardmore claims to have won the debate with Haverford College students over its ability to put out a blaze.

When the fire department was called to the Haverford Athletic field last Thursday evening to extinguish a fire in the grandstand at Walton Field, the students, dissatisfied with the firemen's methods, stood by and jeered. The firemen resented. They extinguished the blaze and then turned the hose on the undergraduates.

Loss to the grandstand was \$500; dry cleaners did a nice suit pressing trade.

Kiwanians Win at Golf

A. L. Nicholson, secretary of the Main Line Kiwanis Club, was the victor at the combined Main Line service clubs' golf tournament last Thursday at the Bala Golf Club. Nicholson turned in the low card of 82. The Kiwanians also won the team prize.
